

OUR SERVICES

QUOTES & INFORMATION: [CONTACT@NU-PARIS.COM](mailto:CONTACT@NU-PARIS.COM)

# NU PARIS ?

Welcome to Nature Urbaine, The largest rooftop urban farm in Europe.

Our rooftop garden combines unique know-how with a complete ecosystem of services.

By reusing what the city has to offer to agriculture, Nature Urbaine designs a virtuous living environment conducive to the pleasures of taste, awareness and sharing.

Because all tastes are in nature, Nature Urbaine offers a range of tailor-made services for individuals, companies and communities around urban agriculture.

- Sale of seasonal market garden produce
- Rental of cultivation squares
- Discovery workshops and educational visits
- Organization of face-to-face or digital events

To accompany the resilience of the city by proposing to the urban population to reconnect with their food, to rediscover

the taste of qualities of the products while respecting the environment... These are the values that drive us.

# SPACE RENTAL

# LA SERRE

## *New and spectacular immersive space*

Magnificent greenhouse dedicated to events with a surface area of 200m<sup>2</sup> on the roof of Pavilion 6 of the exhibition center, it offers a unique setting for your Corporate events up to 100 people standing.

Plant wall, cultivation table, planter, you will be immersed in the heart of a lush space, facing our rooftop vegetable garden.

# TV SET

## For your digital events : Product launch, conference, ...

Digital or hybrid events are now a must in the current context.

They offer an alternative or a complement to face-to-face events.

We offer you a unique venue worthy of a TV set for your live or recorded event.

Our decor, both green and bathed in daylight, offers an exceptional setting for your speeches.

Contents of the offer and services included on request.

Duration : 7 hours (1 day, set up & dismantlement during the day)

A photograph of several young green seedlings with thin stems and small leaves growing out of a layer of dark brown soil. The background is a soft, out-of-focus green. A semi-transparent light green rectangular box is centered over the middle of the image, containing the word 'WORKSHOPS' in white capital letters.

# WORKSHOPS

# FARM VISIT

## Cultivating your knowledge : urban agriculture

### Presentation

The participants begin the visit of the urban farm at the belvedere which overhangs our hills, for a presentation of urban nature.

Followed by an immersion in our squares of culture, an introduction to the history of urban agriculture and then the secrets of this beautiful biodiversity.

Finally, presentation of our production techniques : hydroponic and aeroponic.

Duration 1 hour

25 people maximum

### **Add a tasting of our farm products**

Visit + tasting

Duration 1h30

25 people maximum

# HARVESTING

**Be a gardener for a day !**

## Presentation

The workshop takes place outside, in the heart of our urban farm.

After the visit of the urban farm, the animator will explain you how our fruits and vegetables are cultivated to guide you in your first steps as an urban farmer.

A friendly workshop, for a real breath of fresh air in the heart of the city.  
The participants leave with their pickings.

Duration 1h30

25 people maximum

# CLIMATE FRESK

## Sprout good ideas

Presentation

Get on board as a team to work for climate change !

The objective of this workshop (serious game) is to become aware of environmental issues and to initiate constructive actions.

Together you will find solutions!

Duration 3h

Price on quotation

# GARDENER'S TRICKS

## Multiply your plants with seedlings and cuttings

### Presentation

The participants will discover the main notions of gardening in order to multiply the plants thanks to two techniques : sowing and cuttings!

After a quick presentation of the urban farm, participants attend an introduction to botany.

On the program : discovery of the world and the cycle of plant reproduction (sexual and vegetative), focus on the techniques of plant multiplication.

Place to practice!

The participants implement the different notions they have discovered by making a cutting and a seedling with the plants and the seeds of seasonal flowers.

The participants leave with their creation.

Duration: 1h30

25 people maximum

# WORKSHOP FROM WAST TO OBJECT

Presentation  
An eco-responsible workshop

Complete and versatile, our most popular formula stands out for its playful and dynamic character! From the shredding of waste to the creation of the object, this installation reproduces the major stages of plastic recycling in a format accessible to the greatest number of people. The workshop is an immersive and playful experience, where exchange and conviviality is encouraged to to inform and question the consequences of the recycling process.

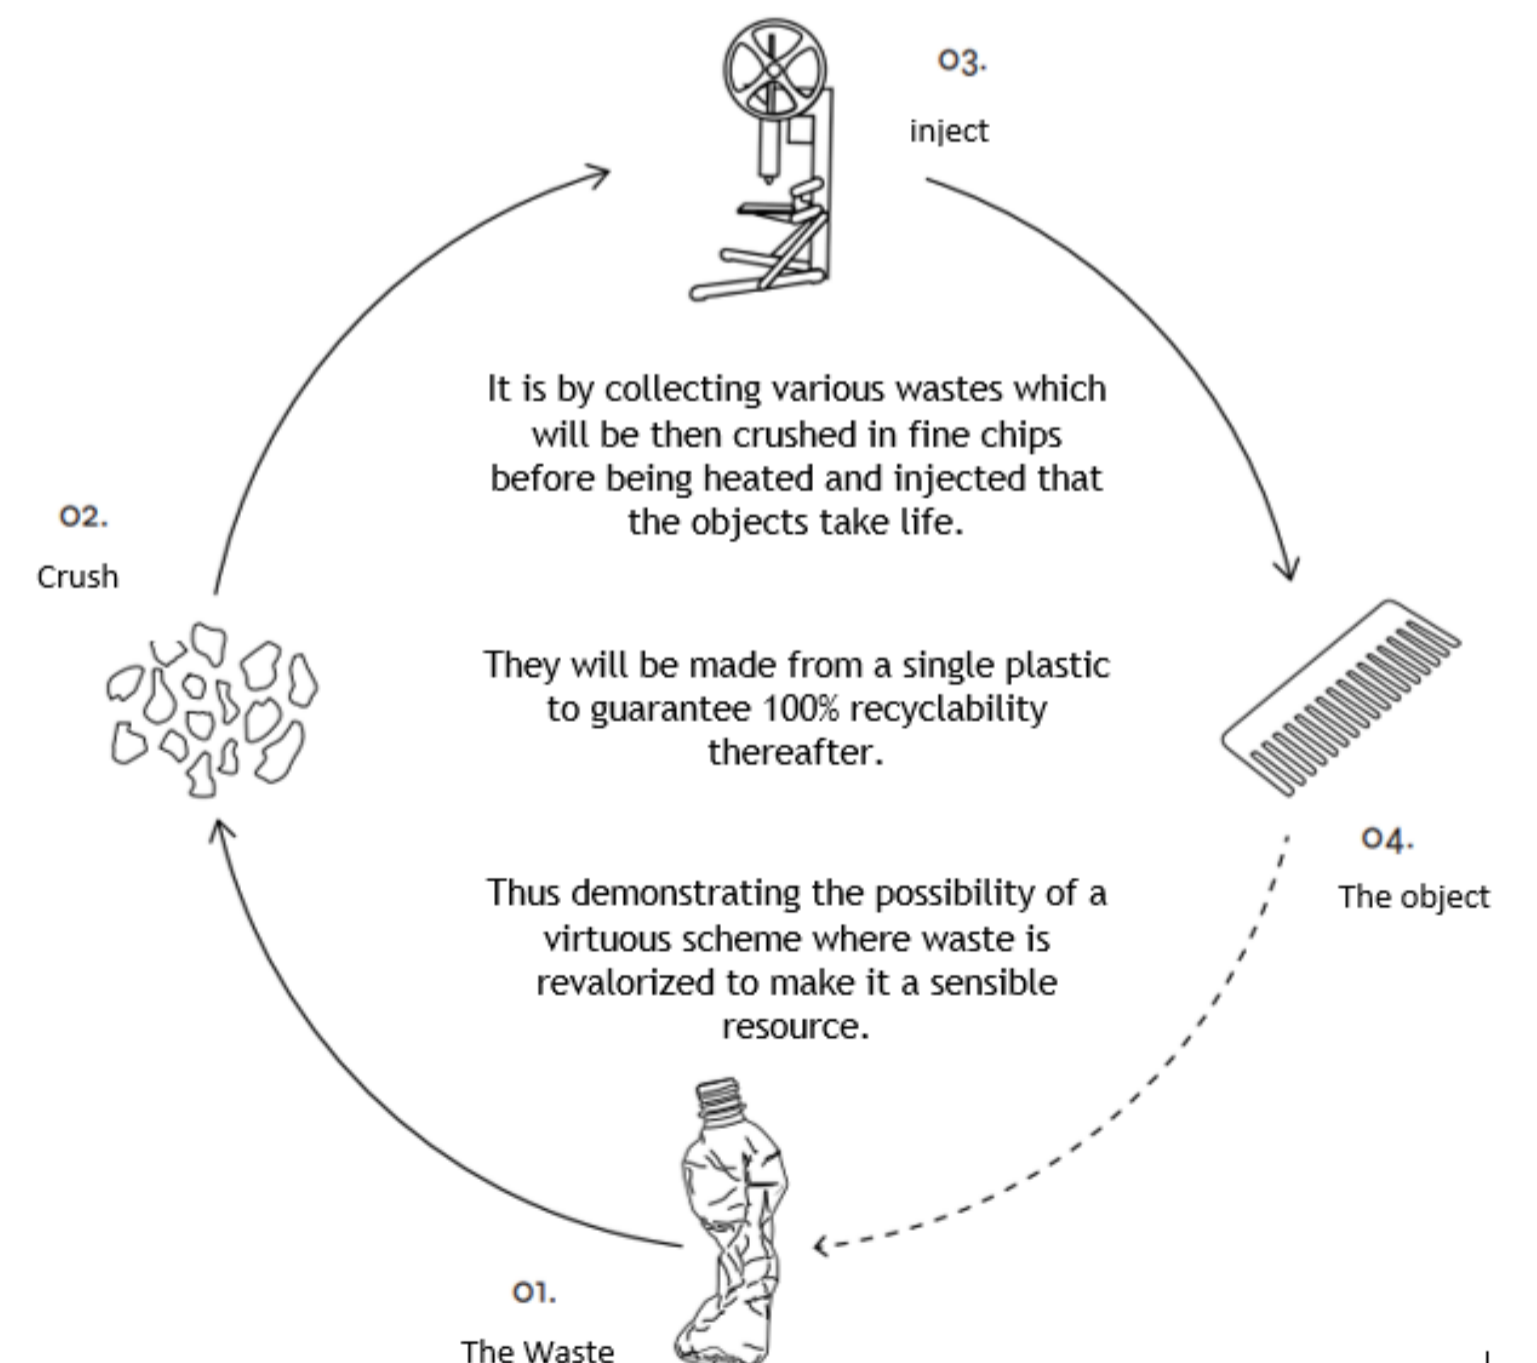

Objects:

- Flower pot (S/M/L)
- The key ring
- The beads
- The spinning top
- Soap box
- The comb
- The coasters
- The ruler
- The box
- The buttons

UP TO 3 OBJECTS OF YOUR CHOICE

CREATE YOUR OWN OBJECT WITH  
YOUR OWN BRANDING PRICE

# NOMADIC GAMES ON THE THEME OF CSR

## Presentation

A mobile game to raise awareness while having fun as a team.  
The participants will have to simultaneously solve several varied challenges in both digital and physical teams, as well as creative challenges.

You have been pre-selected to participate in the "mission2042" program  
This highly confidential program aims to send employees into the future on board the SPACE 2042 shuttle, in order to observe the benefits of eco-friendly initiatives implemented in 2022, 20 years later.

Participants will have 1h30 to advance in the game and have the chance to go to the future!

This game takes place on the farm as participants walk through the columns and gutters looking for clues to advance in the game.

Duration : 1 H30  
Price on quotation

**MISSION  
2042**

# Introduction to Herboristerie

## Make your own Herbal tea

### Presentation

Participants learn about herbalism, plant medicine and phytotherapy, the oldest human medicine : its origin from antiquity to the present days.

Then the participants discover the rules for making a healing herbal tea (the basics of a successful herbal tea!) with a presentation of the different extraction techniques (decoction, infusion, etc.) before learning more about the plant power.

Depending on their wishes, participants combine these plants to make an herbal tea that is either digestive or relaxing : a tailor-made herbal tea!

The participants leave with their creations.

Duration 1h30

25 people maximum

# YOGA CLASSES

## Presentation

Our workshops take place outside or inside depending on the weather.

After the visit of the urban farm, a teacher introduces you to the soft medicine that is yoga. Meditation is accessible to everyone and brings great physical and mental benefits. So why not start now?

Your collaborators will leave more relaxed and zen.

Duration: 1h00

25 people maximum

# Intervention of the founder of Agripolis & Nature

## PASCAL HARDY

Founder of Agripolis and Nature Urbaine, which transforms the economics of food systems by selling and installing high quality urban vegetable and fruit farms on behalf of its clients or independent operators.

Agripolis then accompanies the farm with agronomic and technical support. The developments made and the techniques chosen allow for good productivity and ease of deployment, for example on a roof or in a greenhouse.

**Presentation of the vision of Agripolis, the economic model, technical, CSR + Questions / Answers. Approximately 1h: 1000€ VAT excluded**

A close-up photograph of several young green seedlings with thin stems and small, oval-shaped leaves growing out of a dark, textured soil. The background is a soft, out-of-focus green. A semi-transparent light green rectangular box is centered over the middle of the image, containing the word "GOODIES" in white capital letters.
